

What can you do with \$3 ???

Start supporting Aaron today!!

\$3-a-Day Challenge

I am looking for 25 people, like yourself, who would be willing to take-on the \$3-a-Day Challenge: donating \$3-a-day to the Evangelical Covenant Church to support me as a church-planting pastor.

a Sunday afternoon communion & worship service

Looking for people who are willing to give!

My name is Aaron Thompson and I am a Project Missionary with the Evangelical Covenant Church (ECC) and I am looking for 25 people who would like to take on the "\$3-a-Day Challenge": 25 people who would be willing to support me financially with \$3 a day for at least one year. The "\$3-a-Day Challenge" is a way for me to find new supporters and/or to encourage current donors to give a little more.

Although I have had a good support basis for the last 5 years **my current support for the last half of 2012 has been lower than my needs**. The increase of living costs in Sweden and a lower US dollar has contributed to this need. Therefore, I need your help so that I can continue to serve the Lord as a church-planting pastor in 2013.

Thankfully your brother & friend in ministry,

Aaron

How can you help?

Pray

Please pray that God will give His people willing hearts to help out. And that the funds needed to cover my living-costs would come in prior to the year's end.

Let me know you're interested

Let Aaron know that you would like to take-on the \$3-a-Day Challenge. That way he can record it as a pledge as well as inform the Covenant Church .

What has Aaron been doing in Sweden?

I first started serving in Sweden as a youth pastor in an international church in 2007. Since then the Swedish Covenant Church has asked me to start a new church plant in Gothenburg, Sweden. In the summer of 2009 I was ordained in the ECC and in August 2011 the Swedish Covenant Church and the ECC started working together in this new multi-cultural church called Brunnen (The Well). The Swedish Covenant Church is covering the ministry costs for the church while the ECC is covering my salary and in-country costs as I live and serve as pastor for Brunnen. I live with my Swedish wife Stina (married June 2010) and our daughter Ruth (March 2012) . We are recently thankful for moving into our new apartment, which is in the area of the church (November 2012).

The church-plant is a little over a year old now and already we have had: Communion/worship services, The Alpha Marriage Course, a Block-party, prayer & fasting days for Brunnsbo, started several new small-groups, been in conversation with the local authorities (police, school, landlords and social workers), working with the neighboring churches, started a language café which is every Monday to help immigrants learn Swedish, and seminars on spiritual gifts and discipleship. Check out Brunnen's website if you would like to know more: www.brunnen.cc. God has been doing a lot in and through Brunnen, I wonder what next year will hold...your prayers and gifts help, big time! Just think, you have a roll in expanding God's Kingdom!
