CHURCH
THROUGH
COMMUNITY

Aaron and Milen in front of Brunnen's new space!!!

Fall 2014 Newsletter

What's been going on:

We have had a block party, gotten a new venue that's been renovated, we have grown and the relationship to other organizations in the community have been strengthened. That was the short version ☺

In June it was time for our third annual block party in cooperation with other organizations in Brunnsbo. One can tell that it gets easier every year when we now can just go up to the manager at the local grocery store and ask "Are you supporting the block party again this year?" and the response is an immediate "Yes, of course". That's pretty cool. The weather was good, people came and had lots of fun on June 14th. Looking back we learned that we should have been more volunteers because it was a bit tiresome

for those who were there, so please book June 13 next year even now so that we can be more people to spread our the work load. But a huge thank you to all of you who helped in some way, shape or form this year – we couldn't do it without you!!!!

We can also see that more people are coming more regularly and feel like Brunnen is their church. Currently we are about 22 adults and 6 children who show up regularly and there are about 8-10 others who come now and then. In the group we have people from backgrounds in Sweden, USA, China, Nigeria, Turkmenistan, Iran and England, so our multicultural vision is being played out more clearly – that's fantastic!

Our new venue is in an apartment building on Folkvisegatan 6. With

www.brunnen.cc

help from Fiskebäcks missionskyrka Aaron negotiated a contract for three years. There is room for a combined worship- and coffee area, a childrens' room and an office. During the summer a lot of people have pitched in to make it feel like ours. Do join us in worship every other Sunday (starting Sep 7) at 16.00. Or come to a dinner and conversation in different homes on the other Sundays at 16.00.

Thanks & Prayer:

- Give thanks for the things mentioned above.
- Pray for guidance in how to move forward, especially with ministering to children and youth.
- Pray that we will see new people come to faith in Brunnsbo and that those who already believe will grow as disciples.

What are you guys doing next?

The language café is put on hold this semester as we long to minister more to children and youth. We don't want to start something that we can't keep, but at the same time we feel that it's time to get something started. Also, in a congregational meeting in August we voted to form an independent congregation and association this semester which is exciting. So there is a lot happening, pray that God shows His will in all of it.
