JULY 6-27, 2013 / OAKLAND, CA

*"J2m<sup>2</sup> opened my eyes in a way I could have never imagined possible, it gave a whole new perspective on justice according to God's heart." — j2m<sup>2</sup> 08 participant*

**The Journey to Mosaic Squared** is a three-week urban immersion experience for emerging leaders 18-25 years old. A diverse group living under one roof follow a rhythm of Scriptural study, hands-on experience, and group processing. They learn more about God, each other, and about the world (helping hurting people and helping stop the things that hurt people). They are challenged to consider what it means to authentically follow Jesus as they begin to consider their studies, careers, relationships, and lifestyles.

**Experience** the opportunities and challenges of life and ministry in an urban context

**Live** together in a diverse community guided by two leaders

**Explore** God's heart for compassion, mercy, and justice

**Hear** the stories of people who have chosen to live and minister in the inner city

**Interact** with civic and community leaders

**Explore** God's will for your life

**HAVE FUN!**
