## Our Journey to France Begins...

We have exciting news to share with you! We have been accepted as two year-term missionaries through Covenant World Mission of the Evangelical Covenant Church for service in France. You might be thinking, "*bien sûr*" (of course), since Katherine speaks French and previously served there as a single missionary for many years. However, sometimes our plans are not His plan.

Flashback to November 2013...after a vision trip to Luxembourg and France, Peter and I prayed that God would open or close doors. Despite 7 months of working toward Luxembourg as our potential assignment, God ultimately closed the door...ugh, the timing just wasn't right. Now, God has opened the door for us to serve in Avignon, France. We feel even more thankful, more dependent upon Him and confirmed in our mission to France.

In France, we will be serving in partnership with *Eglise Evangélique Libre d'Avignon* (Free Evangelical Church of Avignon). The French pastor's passion is to develop missional ministry both to the spiritually poor and the cultural elite in a post-modern society.
